# INTRODUCTION

DNS has pleasure to introduce itself as a ISO 9001 : 2015 certified, Turnkey Design & Build company serving the Pharmaceutical, Chemicals, Food, Beverage & Cosmetic, Packaging, Hospitals, and many other industries.

DNS provides turnkey project solutions, with all engineering disciplines under one roof. Possessing a full range of services required to design and execute any project, results in a time efficient, economic, customized & high quality projects completion.

We cater our services to the clients who are looking for upgrading an existing facility (Brownfield) or planning a new facility (Greenfield) projects.

DNS collaborates with Client through the project life cycle from concept design, front end engineering, detailed engineering & SITC with Validation.

# INTRODUCTION

## Vision

Our vision to become a major regional player in the industrial fraternity by providing innovative, turnkey industrial solutions with sheer expertise and thus contribute in a small way in our country's growth.

## Mission

DNS will source, develop and integrate the most advanced and suitable technologies, helping our clients to create a energy balance by using sustainable resources and enabling them to care for environment.

## Values

Perseverance, Responsibility,  
Integrity, Diversity, Excellence
